Subject: Additional questions for 2 Aug. SFRC briefing on El Salvador

In talking with SFRC staffer Maggie Hayes this morning, the following additional questions were asked:

1. Have our analysts seen/studied the recent ACLU report concerning human rights violations in El Salvador; specifically, Maggie mentioned that the members may have questions regarding the Mozote massacre last December, and 600 civilians slaughtered in the Chalatelango campaign.
2. Sen. Percy is especially interested in any insight our people have concerning the balance of power in the El Salvadoran government, specifically, the relationship between the President and the President of the government's Assembly.

The briefing is for the full SFRC, and Sen. Percy will chair. A tally of members that will attend will be received, hopefully, late today.

*Percy will chair
